Product Picture

Feature of product (HQ52 SERIES) :

1, LED :	Energy saving	*Super bright led , SMD2835
		*high CRI (color rendering index) 83 Ra . Much healthier for human eyes
	Healthy light	*Choosing a narrow range of Bin to keep perfect color consistence (by ANSIC78.377A standard)
2,Driver :	Good performance	* PF: 0.95, efficiency : 89% and THD<15%
	Long lifespan	*The capacitor which decide the life of driver is using Rubycon YXF family , best capacitor from Japan
	Safty	*Constant current isolated circuit design ; output voltage is lower than 42.4V, which is safe for man-touch; with over-current , overvoltage and short-circuit protection
3,Endcap		*Rotate endcaps which can adjust any angle of tube you need
4,warranty		* 4 years warranty
5,Certificate		VDE, TUV EMC ,TUV Rohs, PSE
